No. : 748/IT3.F6.3/HM/2023  
Attachment : 2 (two) documents  
Subject : Invitation for Summer Course TIN 2023

June 6<sup>th</sup>, 2023

**To: Office of International Affairs  
National Taiwan University (NTU)  
Taipei, Republic of China (Taiwan)**

**Dear The Officer of Office of International Affairs NTU**

Greeting from Indonesia. It is a great pleasure to invite your young staff to join Summer Course TIN 2023 with the theme ***SUSTAINABLE AGROINDUSTRY: Adding Values to Local Commodities in Rural***, which will be held on July 3<sup>rd</sup> -30<sup>th</sup>, 2023 at IPB University (Bogor Agricultural University), Indonesia. This program is conducted in collaboration with Villanova University (USA), Colorado School of Mine (USA), Universiti Putra Malaysia (Malaysia), Maejo University (Thailand), and Padjajaran University (Indonesia) (<https://tin.ipb.ac.id/summer-course-2023/>).

The course will be held for 4 (four) weeks through **Hybrid Classes** (2 weeks online and 2 weeks offline/on site) and structured in four ways, i.e. class meeting, immersed field learning, mini project/idea pitching, and competition (see the Program Book for detail <https://ipb.link/programbook-sctin2023>). The participants will be expected to have (i) understanding in solving the problems of agro- industrial engineering in the context of economy, environment, society, and other contemporary issues; (ii) designing sustainable rural agroindustry through the application of engineering concepts to solve engineering problems through experience-based learning; (iii) realizing the importance and ability to be involved in lifelong learning; and (iv) playing an effective role in a multidisciplinary and multicultural team.

Participant can choose to be active in partial program (2 weeks online) and full program (2 weeks online and 2 weeks offline). There are available free slots in charge for **2 (two)** students from your university to join in Full Program. There are also available free slots in charge for **5 (five)** students from your university to join in Partial Program. Along the Summer Course, the committee will provide dormitory for 2 weeks staying in IPB University, however air plane ticket and meal are excluded. It would be very much appreciated if you would inform this program to your colleague and students. If you have any questions about this program, do not hesitate to contact us through the committee in charge Ms. Endang Warsiki +6281219550337, or email [endangwarsiki@apps.ipb.ac.id](mailto:endangwarsiki@apps.ipb.ac.id). Application form is available: <https://ipb.link/applicationform-sctin2023> or <https://forms.gle/wqNZfAq1R33RXbM36>. I am looking forward to seeing your staff. Thank you.

Sincerely yours,  
Head of Department

Prof. Dr. Ono Suparno, S.TP., M.T.

## Summer Course on Sustainable Agroindustry

*Adding values to local commodities in Rural Areas*

**3rd - 30th July 2023**

This course will provide students with knowledge and encourage abilities to co-create sustainable agroindustrial solutions with local producers and communities in the rural area. Building upon local experience and knowledge, students will use lessons from process engineering, industrial systems engineering, environmental engineering and management to design products, processes and services that add value to the local commodities.

### IPB300 : Summer Course

**4 Weeks Full Program**  
(3.0 credit course program)  
2 wk online + 2 wk offline

International : **USD 1,000**  
Students  
Local : **IDR 6,000,000**  
Student

**2 Weeks Half Program**  
(Certificate program)  
2 wk online

International : **USD 100**  
Students  
Local : **IDR 300,000**  
Student
